\*We expect from info partners media support (email and social media announcement, posters at offices, announcement at websites, etc.)

\*\* Banners are to be provided by a partner

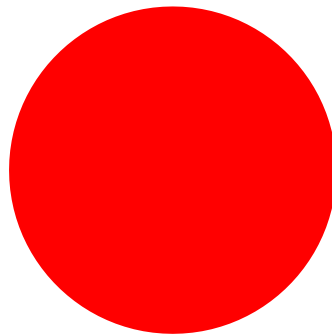

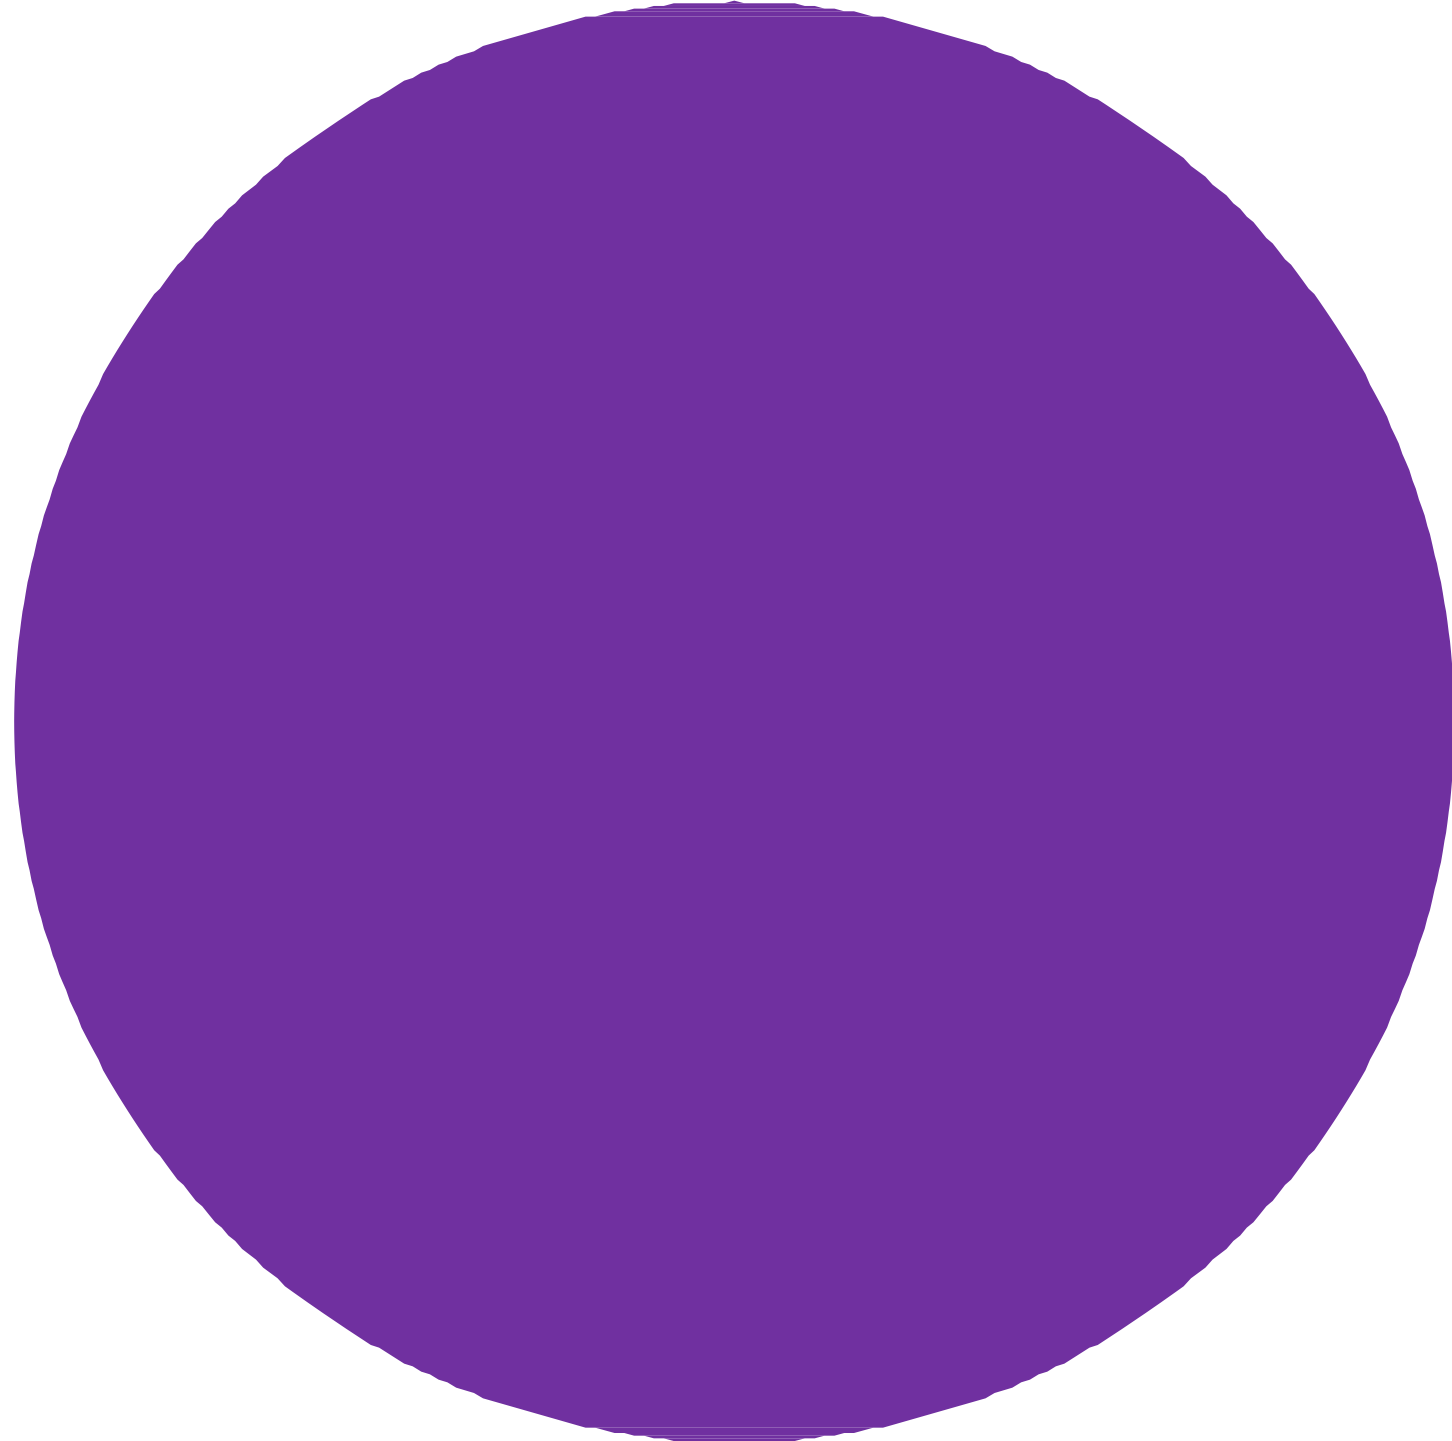

\*\*\* Please, consider the size of your booth (should your booth be of any particular size or format, let's discuss it), because there is a very limited space for them at the venue. Two company representatives are allowed at a booth.

\*\*\*\* Special 100% discount for Conference day or Workshops day on the choice

We do understand that sometimes more than two representatives (HRs, recruiters) need to work at a booth so you can buy up to two additional tickets at a special price but only for them. Thank you for understanding.

Workshops day – second conference day in a coworking space. Only company banner placement in the stream is possible.
